Kara Eastman Speaks Out On Behalf of Middle-Class Families

Kara Eastman, the President and CEO of Omaha Healthy Kids Alliance, the Vice-Chair of the Board of Governors of Metropolitan Community College, and the only life-long Democratic Congressional Candidate running in the Nebraska Second House District believes that the budget passed today by the House is a direct threat to the middle class.

Kara Eastman states:

The budget passed today takes away health care from children. It cuts Medicaid and Medicare, on which many Nebraskans rely. It reduces the incomes of middle-class families. It cuts Pell Grants and Cancer Research. Worse, this budget paves the way for tax cuts for the rich while increasing taxes for working families.

I'm tired of seeing working and middle class families struggle. They're already struggling to pay their rent, living in unhealthy apartments and are paying too much in utility bills, medical bills, and student loan payments. This budget is another slap in the face to middle-class families.

This is not how we do things in Nebraska and not how we should do things as Americans.
