#VOTeprochoice Endorses Kara Eastman in NE02 Race

Kara Eastman supports reproductive rights in Nebraska and will protect and defend these rights if elected

OMAHA, NE - #VOTeprochoice, a political engagement platform focused on electing pro-choice champions up and down the ballot, just endorsed Kara Eastman, who is running to represent Nebraska's Second Congressional District. #VOTeprochoice is endorsing Kara Eastman because of her unwavering support for reproductive rights and women's health.

Heidi Sieck, Co-founder and CEO of #VOTeprochoice, said that pro-choice champions can win in red or even purple areas. "Seventy percent of Americans support safe and legal access to abortion. That includes areas of Omaha. We're identifying these pro-choice voters and mobilizing them to #VOTeprochoice on May 15, 2018 in the Democratic Primary. Kara Eastman can win — and voters who support access to essential healthcare services like birth control, and safe, legal, and affordable abortion will turn out to support the campaign."

Kara Eastman states:

"I support freedom; our country was founded on it. Women are capable of making decisions about their own bodies without intervention from government. We should invest in education, healthcare and reducing poverty if we really want to help prevent unwanted pregnancies."

Since 2016, #VOTeprochoice has worked to elect prochoice candidates at every level of government. As part of the 2017 resistance movement, #VOTeprochoice endorsed 60 candidates, sent out over 3 million #VOTeprochoice Voter Guides, texted with over 200,000 voters to help turn out the prochoice vote in elections from

school board to statewide judicial races. Sixty percent of their endorsed candidates were elected. In 2018, Kara Eastman joins the #ROEvolution, the group's campaign to elect over 300 prochoice champions in 2018.
