### **Kara Eastman calls on Don Bacon to reject Trump's SCOTUS Nominee**

Tonight, Donald Trump has promised he will nominate a new SCOTUS Justice who will overturn *Roe v. Wade*, reversing all the progress we have made toward women's reproductive freedom, equal rights, and access to healthcare.

*Roe v. Wade* provides protection for women to decide what is best for them and their families without government interference. Kara will continue to be a vocal supporter of a woman's right to choose, and calls on Don Bacon to reject any nominee who would overturn this landmark case.

#### **Kara Eastman challenges Don Bacon:**

"Don Bacon must oppose any nominee that will not uphold the protections for women enshrined in *Roe v. Wade*. Women deserve a Congressperson who will stand with them and fight for the personal freedom that allows them to make healthcare decisions in private with their doctor, family, and faith."

*Kara Eastman is the President and CEO of Omaha Healthy Kids Alliance and the Vice-Chair of the Board of Governors of Metropolitan Community College. She is the Democratic nominee running for Congress in Nebraska's Second District.*

*Ms. Eastman has been endorsed by EMILY's List, Planned Parenthood Action Fund, #VOTEPROCHOICE, NOW PAC and NARAL Pro Choice America.*
